

Question 20 (3 marks)

City A is in Sweden and is located at (58°N , 16°E). Sydney, in Australia, is located at (33°S , 151°E).

3

Robert lives in Sydney and needs to give an online presentation to his colleagues in City A starting at 5:00 pm Thursday, local time in Sweden.

What time and day, in Sydney, should Robert start his presentation?

It is given that $15^{\circ} = 1$ hour time difference. Ignore daylight saving.
